**News Update in Dog World:** Surveys go out to AKC Member Clubs, a recent survey was about the size of groups and upcoming breeds being brought into AKC and which groups they will be going into. In the coming years, some groups will be getting into the size of 45 dogs. There is talk about how to split groups if that gets suggested. New Jersey is about to pass a law that is beyond breed laws. This law calls for spay or neuter of any dog at 8 weeks before going to new home. They are trying to eliminate companion dogs. The AKC Dog Museum will be moving back to New York City. Currently it is 30 min outside St Louis in a tiny place that does not have enough room to display everything. The cost for Delegate meetings in New York/New Jersey are extremely expensive. We need to start thinking in our budget as to what we as a club will be spending on our delegate.
